

CITY OF SPRINGFIELD
INTER-OFFICE MEMORANDUM

ATTENTION OF _____ FILE _____

DATE April 1, 1981 _____

DEPARTMENT _____

At 8:45 Mrs. E. C. Curtis of 1314 E. Walnut, Phone 869-5691, called and indicated that the private sewer line serving the Sigma Pi Fraternity House at 1315 E. Elm had settled and was making lawn care difficult. She called me because I was involved in a problem a couple of years ago in which portions of this line were broken and replaced and sewage was surfacing.

I sent Steve Short to inspect the premises this morning and he reported to me that the previous excavations were apparently below natural grade and appeared to have settled uniformly and that a "leak" was questionable. No sewage surfacing could be observed. Steve indicated that the settling could hamper lawn mowing efforts.

At 2:00 P.M. I contacted Mr. Bob Merriman, Phone 883-3226 and Mr. Tom Barr, Phone 887-5333, both of which are on the Housing Board for Sigma Pi Fraternity and they indicated they would get some dirt filled in the settled spots this week. I called Mr. Dave Spence, President, Phone 864-6139, and informed him of the problem and he agreed to talk to Mrs. Curtis and complete the project to her satisfaction.

I then called Mrs. Curtis at 2:15 P.M. and informed her of the aforementioned and told her that we felt this was not a City problem, but a private one, and an agreement between the two private parties would have to be reached. Mrs. Curtis agreed.
